

mercury

work**s**pace

There is a wealth of design experience behind every single feature you find in this chair, which is why it fits you so well, and why it will give you comfortable support for many years to come.

- High or Medium back.
- Synchro tilt mechanism.
- Height adjustable arms.
- Adjustable back lumbar height.
- Variable seat depth.
- Lockable tilt angle.
- Tilt tension adjustment.

All these features make it easy for you to personalize your Mercury chair to allow you to work comfortably and productively.

Mercury chairs are immediately available in Onyx black fabric, or we can offer any colour and pattern you select from our huge range of upholstery fabrics, including environmentally preferred.

The medium back Mercury cantilever visitors chair offers the same level of comfort as the desk chairs, with the same range of fabrics to choose from.

The strong, chromed steel frame is designed to be stackable, and is fitted with glides for floor protection.
