

zoom

work**s**pace

Zoom anticipates your every move, every shift of weight, every change. Move and it supports. It moves naturally with you and supports you in every possible position. Its aim is your ultimate comfort.

Every part of Zoom is custom-designed to support you. Its self balancing function allows you to move effortlessly while providing optimum spinal support.

So when you spend the day with Zoom, you spend it with an intuitive work of art that is designed to anticipate and interact with your every need.

A simple and logical winder allows effortless adjustment of tilt tension.

Zoom is available with or without arms, and the pivoting headrest is also optional.

Zoom specification includes adjustable arm height, swivel arm pad movement, adjustable seat depth, seat height, and back lumbar position. The back tilt is lockable at any angle.

The standard seat fabric is Onyx Black to complement the mesh back, and the brushed aluminium metal components.

	Zoom executive	Zoom cantilever
Mechanism type	Synchronised front pivot	-
Control functions	Paddle - tilt lock Paddle - seat height Side winder - tilt tension Front catch - seat depth	-
Back height lumbar control	Vertical range 50mm	-
