# Bentley

The Bentley chair has a classic contemporary design which is adaptable to a broad range of seating applications such as dining chairs, bedroom chairs, visitor chairs or private meeting room seating. The chair also meets all of the required criteria of seating postures for aged care requirements.

Select from a variety of options including a partly upholstered back or fully upholstered back with the option of square arms, rounded arms or no arms. Assuring its durability, Bentley features a webbed seat with a quality foam seat & backrest. Manufactured with a solid timber frame available in clear or stained finish with 2 pac lacquer, the Bentley chair can integrate into any environment.
