Arc

Privacy has never been so stylish with the Arc; the new frameless wrap around screen from Workspace Commercial Furniture. Designed in-house, Arc boasts a solid constructed core that features pinnable interior surfaces for added functionality. Its fully upholstered frame provides fantastic sound absorbing qualities to help improve the acoustics of your office space.

The soft curves and radius corners of the Arc screen creates a warm cozy environment as it hugs the work top making the occupant feel right at home. Arc is completely customisable with a variety of sizes and fabric finishes available on request. Arc is the perfect accessory to bring privacy and warmth into your workplace.
