Hex

Elegant, cutting and refined lines contrasting with comfortable moulded foam seat panels ensures a strong visual look and an enjoyable user experience. The Hex range features a combination of lines which work in harmony to mould an origami style silhouette.

The hexagonal design ensures product strength and certainty, whilst the upholstered lining adds comfort and colour. The chair footprint is generous to the user and compact enough to sympathise with any space. Ensuring continuity in any commercial environment the Hex family is available in swivel base with castors, 4 spoke fixed, sled base options and timber leg options. Hex the ideal chair solution for the modern commercial environment, with a functional and timeless quality.
