Retreat Table Range

The Retreat range of furniture, from Workspace Commercial Furniture, is made from the highest quality sustainably sourced Tasmanian oak that is accompanied by beautifully finished veneer.

Its durable and sturdy construction makes it suitable for applications such as hospitality and aged care fit outs where these qualities are paramount.

The designs available in the Retreat product range along with the ability to customise to suit makes it a hugely versatile offering.

With custom finishes also available- retreat is sure to be the perfect compliment to any space.
